"Welcome to the Land of the Shining Mountains"

WE want your stay within our borders to be so pleasant that you will return many times. Our opportunities for recreation are unlimited, our scenery is magnificent, our topography is varied and the courtesy and hospitality of our people are unfailing.

Montana is the third largest state in the Union. It is larger than Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Delaware and Maryland combined, but thirty-fifth in the amount of revenue available for highway construction and maintenance. Our distances are great and our population sparse. It has been a problem to keep pace with the requirements of the motoring public. Ten years ago the mileage of paved highways in this state was negligible. Today we have approximately 5,000 miles of paved roads.

Of necessity our money has to be spread thin; each year the standard has been raised to meet the demands of modern traffic. Our highways are being straightened, widened, and heavy grades are being ironed out.

Due to climatic conditions our construction season coincides with our period of heaviest travel—the tourist season. We make every effort to arrange the handling of traffic through and around construction work so that motorists will suffer the minimum inconvenience. Every man associated with this department is instructed to render every courtesy and assistance to our guests.

The foregoing is in no sense an apology for our highways. We are proud of the progress made during the past decade. It will, however, perhaps answer hasty and thoughtless criticism sometimes inspired by unusual circumstances which individuals may encounter. If you find stretches that need improvement you may be sure that we have them spotted too, and that they will be corrected just as soon as time and finances permit.

Our motoring regulations are reasonable and designed for your own safety. We ask you to co-operate by observing them so that no unfortunate incident may occur to mar the pleasure of your trip.

Historical Markers have been erected along the highways for your pleasure and information. We are always open to suggestions and are glad to give you information on any subject pertaining to Montana. Address your communications to the Montana Highway Department, Helena, Montana.

We wish you the best of luck.

MONTANA HIGHWAY DEPARTMENT

Yellowstone National Park open to Motorists May 1st to October 15th

MONTANA

The Alluring and Soul-Satisfying

ON the note that "Travel Strengthens America," Montana, the Treasure State, lifts her song of invitation to the tourist who may be planning a "See America First" trip for 1942. In these trying times most people are living on a sort of forced draught program, and it is known of all men that this cannot be maintained indefinitely without danger of failure of some part of the delicate human mechanism.

We know the old saw about "all work and no play," and it becomes the duty of every American who is immersed in the activities of the national defense plan to take a little time out for rest and recreation and the consequent recuperation.

Reaching this point, we are proud to invite the attention of the prospective tourist to the claims of Montana upon his active interest. Mother Nature was prodigal in lavishing her allure upon our good State. Here we have to offer a kaleidoscopic pattern that will many times over repay the traveler. We have the law lands and the high lands; we have the "bad lands" and the amazingly rich lands; we have the mighty rivers and the fascinating lakes; we have three of the main entrances to the Nation's Wonderland, Yellowstone National Park; we have all of magnificent Glacier National Park—and all of these are to be easily and comfortably reached by highways that are modern and that will furnish in every mile a thrill that will never be forgotten.

So, in this time of national stress Montana expects every tourist to consider a trip to our Northwest in the 1942 season. Our people are a friendly folk and here you will find a welcome that will warm the cockles of the heart every time the events of the tour are recalled.

Cordially yours,

Governor.
